

Financial Policies

Following examination and diagnosis, you will be provided with an estimate of costs before any treatment begins.

We are pleased to assist our patients in obtaining reimbursement from their dental benefits plan by sending pre-treatment estimates to their insurance company and submitting dental claim forms electronically on their behalf.

Your insurance company will send the pre-determination of benefits directly to you, the policyholder. Please remember to bring all information regarding your dental coverage with you to your appointment.

All fees for professional services are charged directly to the patient. Payment is due the day the service is provided. Once your claim has been submitted, your insurance company will reimburse you according to your specific plan coverage. There are many different insurance carriers with many different benefit plans. Therefore all or part of your treatment may not be reimbursed by your dental plan.

For your convenience, we accept **Cash, American Express, Visa, MasterCard, and Interac (debit)**

Our business team are pleased to answer any questions you may have regarding fees, and will assist with explaining your insurance coverage if needed. Please ask us! We are here to help you.

All services are provided by General Dentists.
